People are reviewing them. There was delay in distributing them. I asked that people have their reviews done by 8/23.

Pat –

I was just following up on the below and was wondering if you or the folks reviewing the permits had responded? My management is asking me for a status of EPA's review.

Thanks.

Pat –

I am sending this email to check on the status of EPA's review of the revised GPs (hydrostatic testing, groundwater remediation, petroleum products terminals, non-contact cooling water, and sand & gravel) that were sent back to EPA a couple weeks ago.

Thanks.
